REVENUE DEPARTMENT.

Horse Surra, Report on, Vol. I, by ALFRED LINGARD, M.B., M.S., Durham. Super royal quarto. R10 (R1-4.)

[Revised Advertisement.]

A Dictionary of the Economic Products of India.

By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first five volumes and Volume VI, Parts I, II, III & IV of the Dictionary are now ready at the Office of the Superintendent of Government Printing, No. 8, Hastings Street, Calcutta, and will be supplied to non-subscribers on receipt of the price for the complete set, which is R45 in India, and 3 guineas in England (exclusive of the Index, for which a separate charge will be made): packing and postage, in India, 8 annas per volume; for England, 2 rupees 6 annas per volume. For copies bound in half calf or half morocco, R6 and 8 shillings respectively will be charged extra for the whole set.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular and European names; habitat or source; history; properties and uses (both chemical and industrial); trade statistics; markets, etc. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks and with a reference to the original publication. Numerous contributors have, however, furnished the results of new discoveries, and confirmed the vernacular names, so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 550 royal octavo pages; Volume II embraces the letter C in 689 pages; Volume III contains the letters D, E, F, and half of G; Volume IV, latter half of G to middle of L,

and Volume V contains the latter half of L to end of O; Vol. VI (which will consist of four parts), Part I, contains letters P to R. The whole work will, it is expected, be completed in nine volumes (including Parts II to IV of Vol. VI) during the current year, but a tenth volume may also be issued, consisting of an Index to all the vernacular and other names contained in the Dictionary. The Index will practically be a glossary of the vernacular and European names of the plants, animals, and minerals of India, and as such, will be a work of reference, which, it is hoped, may prove of considerable value.

REVENUE DEPARTMENT.

Horse Surra, Report on, Vol. I, by ALFRED LINGARD, M.B.M.S., Durham. Super royal quarto. R10 (R1-4.)

[Revised Advertisement.]

A Dictionary of the Economic Products of India.

By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first five volumes and Volume VI, Parts I, II, III & IV of the Dictionary are now ready at the Office of the Superintendent of Government Printing, No. 8, Hastings Street, Calcutta, and will be supplied to non-subscribers on receipt of the price for the complete set, which is R45 in India, and 3 guineas in England (exclusive of the Index, for which a separate charge will be made): packing and postage, in India, 8 annas per volume; for England, 2 rupees 6 annas per volume. For copies bound in half calf or half morocco, R6 and 8 shillings respectively will be charged extra for the whole set.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular and European names; habitat or source; history; properties and uses (both chemical and industrial); trade statistics; markets,

etc. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks and with a reference to the original publication. Numerous contributors have, however, furnished the results of new discoveries, and confirmed the vernacular names, so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal octavo pages; Volume II embraces the letter C in 689 pages; Volume III contains the letters D, E, F, and half of G; Volume IV, latter half of G to middle of L, and Volume V contains the latter half of L to end of O; Vol. VI (which will consist of four parts), Part I, contains letters P to R. The whole work will, it is expected, be completed in nine volumes (including Parts II to IV of Vol. VI) during the current year, but a tenth volume may also be issued, consisting of an Index to all the vernacular and other names contained in the Dictionary. The Index will practically be a glossary of the vernacular and European names of the plants, animals, and minerals of India, and as such, will be a work of reference, which, it is hoped, may prove of considerable value.

THE YEARLY EXAMINATION OF CANDIDATES FOR FOURTH GRADE ACCOUNTANTS.

The yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 4th and 5th June, 1894, at 10-30 A.M.

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity)	100	50
Dictation, spelling, punctuation, etc.)	100	50
Arithmetic (the whole)	240	160
Mensuration (a), the whole	60	30
Book-keeping (b), mercantile	100	50
TOTAL	600	400

Minimum required in all papers collectively.

(a) Todhunter's Mensuration for Beginners.

(b) "Book-keeping" by Ball and Hamilton.
"Book-keeping" by double and single entry, by W. Inglis (Chambers' Educational Course).

The marks gained by candidates who fail will not be published.

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in June. The examination will be conducted either at the College or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed, but the officer who will conduct the examination may make his own arrangements in regard to the *place* and *hour* of examination with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it, but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

2. The candidate should apply to an Examiner of Public Works Accounts not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application).

(2) Certificate of age (baptismal or of birth not required if the candidate is already in permanent Government employ).

(3) Certificate that the application is in the candidate's handwriting.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, on a consideration of these certificates, to decide whether the candidate should be registered for the examination or whether his application should be rejected. He will only forward the names of accepted candidates to the Principal together with their applications in their own handwriting, statement of their ages, and fees. These should be transmitted altogether under one covering letter on the last day allowed by the rule.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts in the province or railway under whom they may desire to be employed.

6. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

7. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

N.B.—The attention of candidates is drawn to the alteration in Rule 2 (3). In future no candidate is to apply direct to the Principal for permission to attend the examination, but must send his application through an Examiner of Public Works Accounts, who will decide whether the candidate is to be admitted.

The Principal will attend to no applications received direct.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month, at Calcutta, Madras, Bombay, and Allahabad, and comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad, respectively.

In supersession of the previous advertisements, on and from the 1st January, 1889, the terms of subscription and sale will be as follows for current issues, as well as for back numbers of the Reports from 1876:—

REVENUE DEPARTMENT.

Horse Surra, Report on, Vol. I, by ALFRED LINGARD, M.B.M.S., Durham. Super royal quarto. R10 (R1-4.)

[Revised Advertisement.]

A Dictionary of the Economic Products of India.

By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first five volumes and Volume VI, Parts I, II, III & IV of the Dictionary are now ready at the Office of the Superintendent of Government Printing, No. 8, Hastings Street, Calcutta, and will be supplied to non-subscribers on receipt of the price for the complete set, which is R45 in India, and 3 guineas in England (exclusive of the Index, for which a separate charge will be made): packing and postage, in India, 8 annas per volume; for England, 2 rupees 6 annas per volume. For copies bound in half calf or half morocco, R6 and 8 shillings respectively will be charged extra for the whole set.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular and European names; habitat or source; history; properties and uses (both chemical and industrial); trade statistics; markets, etc. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks and with a reference to the original publication. Numerous contributors have, however, furnished the results of new discoveries, and confirmed the vernacular names, so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal octavo pages; Volume II embraces the letter C in 689 pages; Volume III contains the letters D, E, F, and half of G; Volume IV, latter half of G to middle of L, and Volume V contains the latter half of L to end of O; Vol. VI (which will consist of four parts), Part I, contains letters P to R. The whole work will, it is expected, be completed in nine volumes (including Parts II to IV of Vol. VI) during the current year, but a tenth volume may also be issued, consisting of an Index to all the vernacular and other names contained in the Dictionary. The Index will practically be a glossary of the vernacular and European names of the plants, animals, and minerals of India, and as such, will be a work of reference, which, it is hoped, may prove of considerable value.

THE YEARLY EXAMINATION OF CANDIDATES FOR FOURTH GRADE ACCOUNTANTS.

The yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 4th and 5th June, 1894, at 10-30 A.M.

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity)	100	50
Dictation, spelling, punctuation, etc.)	100	50
Arithmetic (the whole)	240	100
Mensuration (a) the whole	60	30
Book-keeping (b), mercantile	100	50
TOTAL	600	400

Minimum required in all papers collectively.

(a) Todhunter's Mensuration for Beginners.

(b) "Book-keeping" by Ball and Hamilton.

"Book-keeping" by double and single entry, by W. Inglis (Chambers' Educational Course).

The marks gained* by candidates who fail will not be published.

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in June. The examination will be conducted either at the College or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed, but the officer who will conduct the examination may make his own arrangements in regard to the *place* and *hour* of examination with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it, but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

2. The candidate should apply to an Examiner of Public Works Accounts not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application).

(2) Certificate of age (baptismal or of birth not required if the candidate is already in permanent Government employ).

(3) Certificate that the application is in the candidate's handwriting.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, on a consideration of these certificates, to decide whether the candidate should be registered for the examination or whether his application should be rejected. He will only forward the names of accepted candidates to the Principal together with their applications in their own handwriting, statement of their ages, and fees. These should be transmitted altogether under one covering letter on the last day allowed by the rule.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts in the province or railway under whom they may desire to be employed.

6. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

7. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

N.B.—The attention of candidates is drawn to the alteration in Rule 2 (3). In future no candidate is to apply direct to the Principal for permission to attend the examination, but must send his application through an Examiner of Public Works Accounts, who will decide whether the candidate is to be admitted.

The Principal will attend to no applications received direct.

REVENUE DEPARTMENT.

Horse Surra, Report on, Vol. I, by ALFRED LINGARD, M.B.M.S., Durham. Super royal quarto. R10 (R1-4.)

[Revised Advertisement.]

A Dictionary of the Economic Products of India.

By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first five volumes and Volume VI, Parts I, II, III & IV of the Dictionary are now ready at the Office of the Superintendent of Government Printing, No. 8, Hastings Street, Calcutta, and will be supplied to non-subscribers on receipt of the price for the complete set, which is R45 in India, and 3 guineas in England (exclusive of the Index, for which a separate charge will be made): packing and postage, in India, 8 annas per volume; for England, 2 rupees 6 annas per volume. For copies bound in half calf or half morocco, R6 and 8 shillings respectively will be charged extra for the whole set.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular and European names; habitat or source; history; properties and uses (both chemical and industrial); trade statistics; markets, etc. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks and with a reference to the original publication. Numerous contributors have, however, furnished the results of new discoveries, and confirmed the vernacular names, so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal octavo pages; Volume II embraces the letter C in 689 pages; Volume III contains the letters D, E, F, and half of G; Volume IV, latter half of G to middle of L, and Volume V contains the latter half of L to end of O; Vol. VI (which will consist of four parts), Part I, contains letters P to R. The whole work will, it is expected, be completed in nine volumes (including Parts II to IV of Vol. VI) during the current year, but a tenth volume may also be issued, consisting of an Index to all the vernacular and other names contained in the Dictionary. The Index will practically be a glossary of the vernacular and European names of the plants, animals, and minerals of India, and as such, will be a work of reference, which, it is hoped, may prove of considerable value.

THE YEARLY EXAMINATION OF CANDIDATES FOR FOURTH GRADE ACCOUNTANTS.

The yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 4th and 5th June, 1894, at 10-30 A.M.

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity)	100	50
Dictation (spelling, punctuation, etc.)	100	50
Arithmetic (the whole)	240	100
Mensuration (a) the whole	60	30
Book-keeping (b), mercantile	100	50
TOTAL	600	400

Minimum required in all papers collectively.

(a) Todhunter's Mensuration for Beginners.

(b) "Book-keeping" by Ball and Hamilton.

"Book-keeping" by double and single entry, by W. Inglis (Chambers' Educational Course).

The marks gained by candidates who fail will not be published.

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in June. The examination will be conducted either at the College or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed, but the officer who will conduct the examination may make his own arrangements in regard to the place and hour of examination with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it, but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

2. The candidate should apply to an Examiner of Public Works Accounts not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application).

(2) Certificate of age (baptismal or of birth not required if the candidate is already in permanent Government employ).

(3) Certificate that the application is in the candidate's handwriting.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, on a consideration of these certificates, to decide whether the candidate should be registered for the examination or whether his application should be rejected. He will only forward the names of accepted candidates to the Principal together with their applications in their own handwriting, statement of their ages, and fees. These should be transmitted altogether under one covering letter on the last day allowed by the rule.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts in the province or railway under whom they may desire to be employed.

6. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

7. The Civil Engineering College acts solely as an examining body in reference to admission

to the 4th grade of Accountants, Public Works Department.

N.B.—The attention of candidates is drawn to the alteration in Rule 2 (3). In future no candidate is to apply direct to the Principal for permission to attend the examination, but must send his application through an Examiner of Public Works Accounts, who will decide whether the candidate is to be admitted.

The Principal will attend to no applications received direct.

J. S. SLATER,

Principal, Civil Engineering College.

SIBPUR,

The 30th March, 1894.

CIVIL ENGINEERING COLLEGE, SIBPUR.

Candidates for admission to the Engineer Department should apply to the Principal before the 15th May, 1894. The session begins on Monday, the 4th June, 1894. Candidates must furnish proof that they have passed one of the following tests:—

(1) The F. A. Examination of the Calcutta University or a similar standard of any Indian University recognised by the Calcutta University. The candidate's age must be under 27 years.

(2) The B. A. Examination in the B. Course. The candidate's age must be under 23 years. (These students are admitted direct into the 2nd-year class.)

The number to be admitted each year is limited to 40. The position in the University Examinations and the age of candidates will be taken into consideration when selection is made, and such selection will be made by the Principal.

Ten scholarships will be awarded to students entering the Engineer Department, not being already holders of junior or senior scholarships.

Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour, and eyesight.

Further particulars will be supplied on application to the Principal.

J. S. SLATER,

Principal, Civil Engineering College.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month, at Calcutta, Madras, Bombay, and Allahabad, and comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad, respectively.

In supersession of the previous advertisements, on and from the 1st January, 1889, the terms of subscription and sale will be as follows for current issues, as well as for back numbers of the Reports from 1876:—

Terms of subscription payable annually in advance.

REVENUE DEPARTMENT.

Horse Surra, Report on, Vol. I, by ALFRED LINGARD, M.B., M.S., Durham. Super royal quarto. R10 (R1-4.)

[Revised Advertisement.]

A Dictionary of the Economic Products of India.

By DR. GEO. WATF., C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first five volumes and Volume VI, Parts I, II, III & IV of the Dictionary are now ready at the Office of the Superintendent of Government Printing, No. 8, Hastings Street, Calcutta, and will be supplied to non-subscribers on receipt of the price for the complete set, which is R45 in India, and 3 guineas in England (exclusive of the index, for which a separate charge will be made): packing and postage, in India, 8 annas per volume; for England, 2 rupees 6 annas per volume. For copies bound in half calf or half morocco, R6 and 8 shillings respectively will be charged extra for the whole set.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular and European names; habitat or source; history; properties and uses (both chemical and industrial); trade statistics; markets, etc. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks and with a reference to the original publication. Numerous contributors have, however, furnished the results of new discoveries, and confirmed the vernacular names, so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 550 royal octavo pages; Volume II embraces the letter C

in 689 pages; Volume III contains the letters D, E, F, and half of G; Volume IV, latter half of G to middle of L, and Volume V contains the latter half of L to end of O; Vol. VI (which will consist of four parts). Part I, contains letters P to R. The whole work will, it is expected, be completed in nine volumes (including Parts II to IV of Vol. VI) during the current year; but a tenth volume may also be issued, consisting of an Index to all the vernacular and other names contained in the Dictionary. The Index will practically be a glossary of the vernacular and European names of the plants, animals, and minerals of India, and as such, will be a work of reference, which, it is hoped, may prove of considerable value.

THE YEARLY EXAMINATION OF CANDIDATES FOR FOURTH GRADE ACCOUNTANTS.

The yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 4th and 5th June, 1894, at 10-30 A.M.

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity)	100	50
Dictation (spelling, punctuation, etc.)	100	50
Arithmetic (the whole) . .	240	100
Mensuration (a) the whole .	60	30
Book-keeping (b), mercantile	100	50
TOTAL	600	400

Minimum required in all papers collectively.

- (a) Todhunter's Mensuration for Beginners.
(b) "Book-keeping" by Ball and Hamilton.
"Book-keeping" by double and single entry, by W. Inglis (Chambers' Educational Course).

The marks gained by candidates who fail will not be published.

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in June. The examination will be conducted either at the College or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed, but the officer who will conduct the examination may make his own arrangements in regard to the *place* and *hour* of examination with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it, but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

2. The candidate should apply to an Examiner of Public Works Accounts not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application).

(2) Certificate of age (baptismal or of birth not required if the candidate is already in permanent Government employ).

(3) Certificate that the application is in the candidate's handwriting.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, on a consideration of these certificates, to decide whether the candidate should be registered for the examination or whether his application should be rejected. He will only forward the names of accepted candidates to the Principal together with their applications in their own handwriting, statement of their ages, and fees. These should be transmitted altogether under one covering letter on the last day allowed by the rule.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts in the province or railway under whom they may desire to be employed.

6. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

7. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

N.B.—The attention of candidates is drawn to the alteration in Rule 2 (3). In future no candidate is to apply direct to the Principal for permission to attend the examination, but must send his application through an Examiner of Public Works Accounts, who will decide whether the candidate is to be admitted.

The Principal will attend to no applications received direct.

J. S. SLATER,

Principal, Civil Engineering College.

SIBPUR,

The 30th March, 1894.

CIVIL ENGINEERING COLLEGE, SIBPUR.

Candidates for admission to the Engineer Department should apply to the Principal before the 15th May, 1894. The session begins on Monday, the 4th June, 1894. Candidates must furnish proof that they have passed one of the following tests:—

- (1) The F. A. Examination of the Calcutta University or a similar standard of any Indian University recognised by the Calcutta University. The candidate's age must be under 21 years.
- (2) The B. A. Examination in the B. Course. The candidate's age must be under 23 years. (These students are admitted direct into the 2nd-year class.)

The number to be admitted each year is limited to 40. The position in the University Examinations and the age of candidates will be taken into consideration when selection is made, and such selection will be made by the Principal.

Ten scholarships will be awarded to students entering the Engineer Department, not being already holders of junior or senior scholarships.

Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour, and eyesight.

Further particulars will be supplied on application to the Principal.

A Dictionary of the Economic Products of India.

By DR. GEO. WATF. C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first five volumes and Volume VI, Parts I, II, III & IV of the Dictionary are now ready at the Office of the Superintendent of Government Printing, No. 8, Hastings Street, Calcutta, and will be supplied to non-subscribers on receipt of the price for the complete set, which is R45 in India, and 3 guineas in England (exclusive of the Index, for which a separate charge will be made): packing and postage, in India, 8 annas per volume; for England, 2 rupees 6 annas per volume. For copies bound in half calf or half morocco, R6 and 8 shillings respectively will be charged extra for the whole set.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular and European names; habitat or source; history; properties and uses (both chemical and industrial); trade statistics; markets, etc. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks and with a reference to the original publication. Numerous contributors have, however, furnished the results of new discoveries, and confirmed the vernacular names, so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal octavo pages; Volume II embraces the letter C in 689 pages; Volume III contains the letters D, E, F, and half of G; Volume IV, latter half of G to middle of L, and Volume V contains the latter half of L to end of O; Vol. VI (which will consist of four parts), Part I, contains letters P to R. The whole work will, it is expected, be completed in nine volumes (including Parts II to IV of Vol. VI) during the current year, but a tenth volume may also be issued, consisting of an Index to all the

vernacular and other names contained in the Dictionary. The Index will practically be a glossary of the vernacular and European names of the plants, animals, and minerals of India, and as such, will be a work of reference, which, it is hoped, may prove of considerable value.

Bangalore, the 26th April, 1894.

No. 1497—1585.—The provisions, so far as they may be suitable, of Act X of 1890 (an Act to amend Act XXV of 1867) having been in the Foreign Department Notification No. 167-I, dated the 13th January, 1894, declared to apply to the Civil and Military Station of Bangalore, the Resident in Mysore directs, under Section 20 of Act XXV of 1867, that the following modifications be made in the rules issued under his Notification No. 835, dated the 2nd April, 1886:—

In clause 1, add the words "free of expense to Government" between the words "by the printer" and the words "to the Collector and District Magistrate."

In clause 2, omit the words "and shall thereupon pay to the printer on production of the usual bill the *bona fide* sale price of the copy of the book described in the said memorandum."

By Order,

C. W. RAVENSHAW, Major,
First Assistant Resident.

PUBLIC WORKS DEPARTMENT.

NOTIFICATION.

Simla, the 20th September, 1893.

A Registry Office for men of all grades out of employ is kept up by the Principal, Thomason College, Roorkee. Officers requiring men are requested to apply to Principal.

J. CLIBBORN, Major, S.E.,
Principal, Thomason College.

CIVIL ENGINEERING COLLEGE,
SIBPUR.

Candidates for admission to the Engineer Department should apply to the Principal before the 15th May, 1894. The session begins on Monday, the 4th June, 1894. Candidates must furnish proof that they have passed one of the following tests:—

- (1) The F. A. Examination of the Calcutta University or a similar standard of any Indian University recognised by the Calcutta University. The candidate's age must be under 21 years.
- (2) The B. A. Examination in the B. Course. The candidate's age must be under 23 years. (These students are admitted direct into the 2nd-year class.)

The number to be admitted each year is limited to 40. The position in the University Examinations and the age of candidates will be taken into consideration when selection is made, and such selection will be made by the Principal.

Ten scholarships will be awarded to students entering the Engineer Department, not being already holders of junior or senior scholarships.

Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour, and eyesight.

Further particulars will be supplied on application to the Principal.

J. S. SLATER,

Principal, Civil Engineering College.

[Revised Advertisement.]

A Dictionary of the Economic Products of India.

By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first five volumes and Volume VI, Parts I, II, III & IV of the Dictionary are now ready at the Office of the Superintendent of Government Printing, No. 8, Hastings Street, Calcutta, and will be supplied to non-subscribers on receipt of the price for the complete set, which is Rs 45 in India, and 3 guineas in England (exclusive of the Index, for which a separate charge will be made): packing and postage, in India, 8 annas per volume; for England, 2 rupees 6 annas per volume. For copies bound in half calf or half morocco, Rs 6 and 8 shillings respectively will be charged extra for the whole set.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular and European names; habitat or source; history; properties and uses (both chemical and industrial); trade statistics; markets, etc. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks and with a reference to the original publication. Numerous contributors have, however, furnished the results of new discoveries, and confirmed the vernacular names, so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal octavo pages; Volume II embraces the letter C in 689 pages; Volume III contains the letters D, E, F, and half of G; Volume IV, latter half of G to middle of L, and Volume V contains the latter half of L to end of O; Vol. VI (which will consist of four parts), Part I, contains letters P to R. The whole work will, it is expected, be completed in nine volumes (including Parts II to IV of Vol. VI) during the current year, but a tenth volume may also be issued, consisting of an Index to all the vernacular and other names contained in the Dictionary. The Index will practically be a glossary of the vernacular and European names of the plants, animals, and minerals of India, and as such, will be a work of reference, which, it is hoped, may prove of considerable value.

CIVIL ENGINEERING COLLEGE, SIBPUR.

Candidates for admission to the Engineer Department should apply to the Principal before the 15th May, 1894. The session begins on Monday, the 4th June, 1894. Candidates must furnish proof that they have passed one of the following tests:—

- (1) The F. A. Examination of the Calcutta University or a similar standard of any Indian University recognised by the Calcutta University. The candidate's age must be under 21 years.
- (2) The B. A. Examination in the B. Course. The candidate's age must be under 23 years. (These students are admitted direct into the 2nd-year class.)

The number to be admitted each year is limited to 40. The position in the University Examinations and the age of candidates will be taken into consideration when selection is made, and such selection will be made by the Principal.

Ten scholarships will be awarded to students entering the Engineer Department, not being already holders of junior or senior scholarships.

Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour, and eyesight.

Further particulars will be supplied on application to the Principal.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month, at Calcutta, Madras, Bombay, and Allahabad, and comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad, respectively.

In supersession of the previous advertisements, on and from the 1st January, 1889, the terms of subscription and sale will be as follows for current issues, as well as for back numbers of the Reports from 1876:—

[Revised Advertisement.]

A Dictionary of the Economic Products of India.

By Dr. Gao. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first five volumes and Volume VI, Parts I, II, III & IV of the Dictionary are now ready at the Office of the Superintendent of Government Printing, No. 8, Hastings Street, Calcutta, and will be supplied to non-subscribers on receipt of the price for the complete set, which is R45 in India, and 3 guineas in England (exclusive of the Index, for which a separate charge will be made): packing and postage, in India, 8 annas per volume; for England, 2 rupees 6 annas per volume. For copies bound in half calf or half morocco, R6 and 8 shillings respectively will be charged extra for the whole set.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular and European names; habitat or source; history; properties and uses (both chemical and industrial); trade statistics; markets, etc. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks and with a reference to the original publication. Numerous contributors have, however, furnished the results of new discoveries, and confirmed the vernacular names, so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 659 royal octavo pages; Volume II embraces the letter C in 689 pages; Volume III contains the letters D, E, F, and half of G; Volume IV, latter half of G to middle of L, and Volume V contains the latter half of L to end of O; Vol. VI (which will consist of four parts), Part I, contains letters P to R. The whole work will, it is expected, be completed in nine volumes (including Parts II to IV of Vol. VI) during the current year, but a tenth volume may also be issued, consisting of an Index to all the vernacular and other names contained in the Dictionary. The Index will practically be a glossary of the vernacular and European names of the plants, animals, and minerals of India, and as such, will be a work of reference, which, it is hoped, may prove of considerable value.

Subba Rao, Black-pully, Military Station, Bangalore.	11th November, 1893.	History does not consist merely of facts and dates; These are but dry bones and history is a most fascinating study if properly written. Moreover to condense a period extending over 800 years into 30 or 40 pages and to call the pamphlet a History is most misleading. There is no doubt, however, that as a help, a mere help, to the memory of the student who has carefully studied a real History, this little work would be of some use. The general get-up is bad and there are "errors of commission and of omission."

The Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month, at Calcutta, Madras, Bombay, and Allahabad, and comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad, respectively. In supersession of the previous advertisements, on and from the 1st January, 1889, the terms of subscription and sale will be as follows for current issues, as well as for back numbers of the Reports from 1876:—

REVENUE DEPARTMENT.

Horse Surra, Report on, Vol. I, by ALFRED LINGARD, M.B.M.S., Durham. Super royal quarto. R10 (R1-4.)

[Revised Advertisement.]

A Dictionary of the Economic Products of India.

By Dr. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first five volumes and Volume VI, Parts I, II, III & IV of the Dictionary are now ready at the Office of the Superintendent of Government Printing, No. 8, Hastings Street, Calcutta, and will be supplied to non-subscribers on receipt of the price for the complete set, which is R45 in India, and 3 guineas in England (exclusive of the Index, for which a separate charge will be made): packing and postage, in India, 8 annas per volume; for England, 2 rupees 6 annas per volume. For copies bound in half calf or half morocco, R6 and 8 shillings respectively will be charged extra for the whole set.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular and European names; habitat or source; history; properties and uses (both chemical and industrial); trade statistics; markets, etc. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks and with a reference to the original publication. Numerous contributors have, however, furnished the results of new discoveries, and confirmed the vernacular names, so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal octavo pages; Volume II embraces the letter C in 689 pages; Volume III contains the letters D, E, F, and half of G; Volume IV, latter half of G to middle of L, and Volume V contains the latter half of L to end of O. Vol. VI (which will consist of four parts), Part I, contains letters P to R. The whole work will, it is expected, be completed in nine volumes (including Parts II to IV of Vol. VI) during the current year, but a tenth volume may also be issued, consisting of an Index to all the vernacular and other names contained in the Dictionary. The Index will practically be a glossary of the vernacular and European names of the plants, animals, and minerals of India, and as such, will be a work of reference, which, it is hoped, may prove of considerable value.
